Headteacher Seminar: Supporting Staff Mental Health: Thriving at Work

Schools are a high risk sector for workplace stress – a massive cause for poor performance, long absence and relationship breakdowns.

Proactive management of mental health issues are key to reduce risk of aggravation, to reduce absence and to ensure staff remain able to cope and perform well.

Jenny Arrowsmith, employment law solicitor, from Irwin Mitchell will lead an interactive discussion exploring:

- the legal issues / risks – why should you all be doing something about it?
- what steps schools could do to positively promote positive mental health in the workplace for all
- how to tackle issues of poor mental health/staff not coping as they arise
- some dos and don'ts/breaking down common myths

Cost: Fully funded for delegates from schools and academies subscribing to Learners First or £80 per person for delegates from non-subscribing schools and academies

To Book: To reserve a place please email your name, school and contact details to teachingschool@learnersfirst.org
