

NEW! 'Unpacking Inspection of the History Curriculum'

An opportunity to hear from **Tim Jenner, HMI Subject Lead for History**, who will provide guidance on preparing for and navigating inspection of the **primary and secondary History curriculum**

In establishing the Learners First CPD offer we always undertake a wide range of consultation activities with school leaders and partners. Amongst other key areas, recent feedback has highlighted the importance of high quality support for teachers and subject leaders in relation to components of curriculum and expectations for subject specific deep dives.

Ofsted HMI History Subject Briefing

Online Webinar: Tuesday 28th June 2022 (3.30pm—5.15pm)

This session, led by Tim Jenner (Subject Lead HMI for History), will provide leaders with first hand insights from Ofsted inspections and research findings relating to history in the curriculum. If you are a subject teacher, curriculum or phase leader of History in any school setting, we invite you to attend this informative webinar.

Tim will provide an overview of the Deep Dive process and draw particular attention to common misconceptions evidenced through national inspection and the latest History Research Review. He will address priorities such as curriculum progression including chronological knowledge, the development of disciplinary thinking and assessment from EYFS to KS5. Tim will consider authentic cross curricular links and the development of cultural capital through History.

Costs: £50 per person. This cost is met in full for schools/academies subscribing to Learners First.

Booking: To reserve a place please [CLICK HERE](#). (Tim will invite specific questions from participants, if you wish, please include them in the booking form).
