Our Approach

Delivery of the curriculum is grounded in TDT's values of:

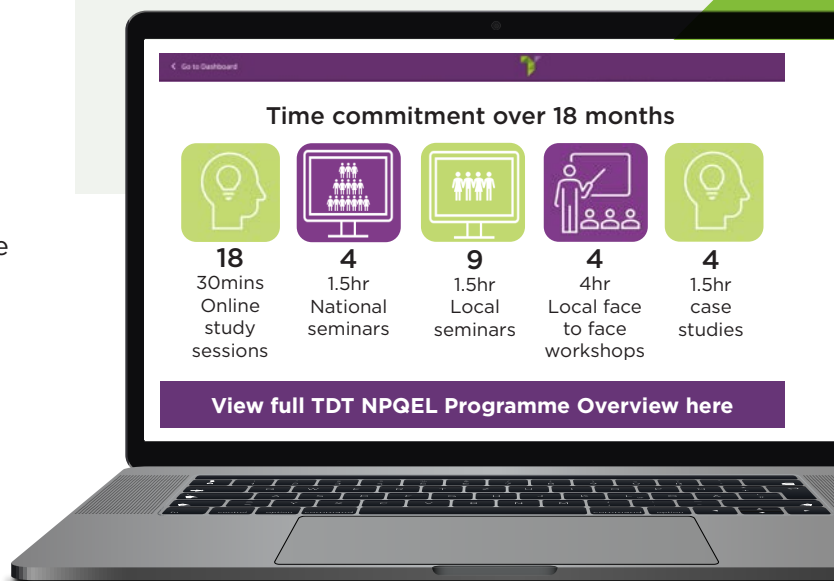

- SMART - we think about what the evidence tells us, but we also really care about how things are done.
- HEART - it's not just taking the evidence base and implementing it any old way, it needs to be done in the right way if you want to have that sustainable impact
- HUMBLE - we recognise that there is no single perfect answer to any situation - participants will come from different environments, different schools, different contexts - and we need to understand the limits of what the evidence tells us at times and use our judgement
