

# Learners First School Direct NewsLetter

May 2023

As our current ITTs are coming to the end of their training it has been great to see the development throughout the year. We wish them all the best in their future endeavours and going forward into their ECT year.

We are getting ready for our next cohort of ITTs with the pre course day creeping up in July. There are still some places left to join the current cohort and applications can be made via the link below or scanning the 'APPLY' QR code.

<https://www.gov.uk/apply-for-teacher-training>

We have had a great amount of interest from undergraduates to join the internship programme running throughout June 2023! We cannot wait to welcome interns into our school settings to gain an understanding of secondary school life in STEM and languages.

If you missed out this year - do not worry! We will be reopening the programme next year for the following summer term so keep your eye out for this.

If you would like further information for future programmes please email [teachertraining@learnersfirst.org](mailto:teachertraining@learnersfirst.org)

These applications will be closing mid June and not reopening until the end of the year for the following cohort. There will be some changes with the next cohort so please keep an eye out for these as the application procedure may look slightly different.

If you are wanting advice for future training please email [teachertraining@learnersfirst.org](mailto:teachertraining@learnersfirst.org) to book in a personalised 1:1 call to discuss your options.
